TO: U.S.D.C. for the Northern Dist.

This note is to inform the court that these documents were sent to institutional mail room for mailing purposes on September 4th the date intended. However, the mail room held on to the documents for 10 days and returned the envelope containing the documents to me on September 14<sup>th</sup> stating that Plaintiff needs to repackage the documents because the envelope had a tear on it. It should be noted that there was no tear in the envelope, in fact it was double enveloped per new policy requirement. This institution in conjunction with Salinas Valley State Prison is purposely and willfully committing obstruction of justice against inmates who pursue litigation against their various and often constitutional violations. I am attempting to re-mail these documents in hope that the federal offense of mail tampering by H.D.S.P does not reoccur.
